Music Lessons For Your Petite Prodigies

Unleashing Your Child's
Inner Carnegie Hall Prodigy!

Your Petite Prodigy is sure to develop a lifelong love and appreciation for music with our fun and interactive weekly classes. Every week brings a new and exciting musical adventure with opportunities for fun, learning, and growth. Our curriculum focuses on rhythm and instrument playing, building neural connections that research suggests support future math skills. This foundation in early music education has also been shown to boost your little Mozart's brain power by increasing IQ!

While not a prerequisite, Petite Prodigies is the perfect preparation for our advanced Piano Prodigies course, making it an ideal starting point for their musical journey.

Celebrate your little one's achievements with us at the end-of-year Family Finale showcase!

"Music is ... A higher revelation

"He really does love music so much. That's how we even teach things at home-if it's to music, he loves it and memorizes it. He talks about you all the time! Thank you so much for the updates and your work with my son each week."

-Parent of a 2-year-old Petite Prodigy Parent
